Dr. Dola Sinha : Associate professor, Dept. of Electrical Engg, received B.E. in Electrical Engineering from Burdwan University, West Bengal, M. Tech from NIT, Durgapur and Doctoral from IIT-ISM Dhanbad, Jharkhand, India.
Her research area includes Electric Vehicle basically on speed control, regenerative braking, BMS, fast charging, wireless charging system, etc. She has several publications in reputed journals and conferences. She has several published and granted patents.
She has handled several sponsored projects from Govt of India. She is the founder, CEO and managing partner of Ankuraan- a manufacturing unit of farm machinery. As an entrepreneur she has started her star-up from October 2022.
- XI. Objective of the event (100-150 words):** 67 tribal and other economically backward class women participated in this workshop. The objective of the workshop was to aid these women in their pursuit of self-employment by fostering the development of their skills and raising awareness about intellectual property rights. How can individuals submit an application for a patent, design trademark, or other intellectual property for their product so that they can reap the full rewards of their ingenuity and make money.
- XII. Benefit in terms of learning/ Skill/ Knowledge obtained (150-200 words):**

It is a very highly and impactful and beneficial for the tribal and other economically backward class women who actually wants to be self-sufficient for them own. Additionally, the contact with them and the clearing of their doubts through the use of various case studies was included in the

lectures. Constrained by a variety of economic and societal factors, different segments of participants face a variety of challenges. The speaker dealt with them in a very thoughtful manner, taking each situation into consideration.

- XIII. Feedback received from the guest/ participants:** It's a very highly and impactful and beneficiary for the tribal and other economically backward class women who actually wants to be self-sufficient for them own.
- XIV. Remarks, if any (50-100 words):** The program is very successful and helpful for the participants.
