EVENT TITLE: “One-day session on “Angel investment /VC funding opportunity for early stage Entrepreneurs” on 24-07-2024

Description of Event

- Interaction of Innovator with students
- Sharing the ideas about “**Angel investment /VC funding opportunity for early stage Entrepreneurs**”

Objectives of Event

- Angel investing may be the primary source of funding for an entrepreneur who finds it more appealing than other forms of financing like bank loans.
- An angel investor may be hands-off or may get deeply involved in the early stages.
- A venture capital fund pools money from investors to finance early-stage startup companies. Venture funds focus on companies that have high long-term growth potential and are in need of capital to fuel their growth and development.
- It mainly focuses on financing young businesses that are having trouble entering the capital market in their initial stages of growth. To provide a fixed return for the venture capital sources, this financing may also be loan-based or in the form of inconvertible debt securities.

Benefits in terms of learning/skills/knowledge obtained

- VCs bring an abundance of business acumen and expertise.
- A VC can provide valuable networking opportunities to aid in the company's development and expansion.
- BAs are free to make investment decisions quickly
